News from the Roundhouse

Congratulations to four members of our amazing staff on successfully completing the new Early Learning Child Care (ELCC) curriculum course work in association with the \$25 a day ELCC Grant.

“Flight is a curriculum framework intended to guide the significant work of early learning and child care educators with young children (ages 0-6 years) and their families in the centre-based childcare and family day home settings. This is a flexible framework for thinking about how children learn and experience their worlds, as well as a guide that fosters strong early childhood communities.

Children’s play is central to this curriculum framework as an active, exploratory, creative, expressive process, deeply embedded in children’s everyday experiences and through which children participate in, learn about, and actively make sense of the world”. Alberta’s Early Learning & Care Framework

- ☺ Under the Canada Summer Job Grant we would like to welcome back Kaetlin and Maria to the CCDS Team who will be with us for an exciting Summer.
- ☺ Volunteer opportunities are available and new jobs will be posted weekly at the Roundhouse for Daycare parents and the Eagle room for OOSC parents.

ELCC News

We have been enjoying all the great additions as a resulting of the ELCC funding.

New building materials, equipment, resource kits as well as many other items have engaged our young learners. The Grizzlies & Mountain Lions have a brand new shed full of sustainable outdoor wooden blocks of all shapes and sizes (see photo below).

Co-researching - our new outdoor blocks
